TITLE

Sketch showing new runways on Sola Airfield in Stavanger, Norway. The east-west runway has been extended 622.6 meters, making the length of the entire runway 2436 meters long; the width of the extension is 60 meters and the width of the main runway is 120 meters. Work has begun on a new north-south runway, an instrument landing strip. It may be completed in August 1949. The instrument landing strip will be 2550 meters long and 75 meters wide, and can be extended another 450 meters if desired; it extends to the seaplane base at Harrsfjord.
